Graphite Clarity composite fencing

CLARITY® COMPOSITE FENCING

25 YEAR WARRANTY

FSC www.fsc.org

Ecoscape's composite fencing is an innovative modular WPC profile which stacks to create any desired height. This creates a bespoke, long lasting, low maintenance alternative to timber fence panels.

Fence boards can either be retrofitted between existing fence posts or can be utilised in the fully composite post system; the perfect way to transform any garden into a luxury space.

This versatile system offers flexibility and style but also maintains the same environmentally friendly ethos as our other composite ranges and is made up of the same high quality recycled HDPE plastic and reclaimed wood fibres.

CLARITY® COMPOSITE FENCE BOARDS

Walnut
45mm x 157mm x 1830mm

Graphite
45mm x 157mm x 1830mm

NOTE: Lighter Clarity boards will show greater colour settling due to smaller quantities of dye and greater UV exposure to the natural wood fibres. After 3 months of UV exposure colour remains consistent.

Charcoal
45mm x 157mm x 1830mm

CLARITY® COMPOSITE FENCE COMPONENTS

Top Board
45mm x 139mm x 1830mm

ECOFTPBXX183
